Ceramic Paint Protector

Weicar Seramic Paint Protector Spray provides superior protection and a deep, mirror-like shine for your vehicle's exterior surfaces. Formulated with advanced protective components and enriched with Carnauba wax, it cures by reacting with ambient oxygen to form a durable ceramic layer on the paintwork. This coating delivers powerful hydrophobic properties, shielding your car against environmental factors, dirt, and UV rays while keeping the surface easier to clean for longer periods.

Areas of Use: Vehicle bodywork and paint, exterior plastic trim and moldings, headlights and taillights, alloy wheels and rims, painted carbon fiber and gloss wraps.

Net Weight	460gr
Gross Weight	510gr
Volume	500ml
Package	12pcs
Pallet	1600pcs
Pallet Dim	100x120x215h
Shape	Trigger Spray
Barcode(EAN)	0700343203877

Directions for Use: Thoroughly wash and dry the vehicle before application. Ensure the surface is cool to the touch and out of direct sunlight. Shake well before use. Spray a moderate amount directly onto a panel or onto a clean microfiber cloth. Spread evenly using a microfiber towel in circular or overlapping motions. Flip to a dry side of the microfiber cloth (or use a second clean towel) and buff the surface to a streak-free, high-gloss shine. Allow the coating time to cure.

Hazard Pictograms:

Storage Conditions: Store in cool and ventilated area. Recommended storage temperature: 15 - 30 °C. Keep out of reach of children.
