Rim Cleaner

Weicar Rim Cleaner is a professional maintenance product specifically formulated for steel and aluminum wheels, as well as metal alloy surfaces. It quickly dissolves stubborn dirt such as brake dust, tire residue, heavy oil, rust, and burnt materials. It provides flawless cleaning without damaging the surface texture, paint, or varnish, restoring your wheels to their original shine.

Areas of Use: Suitable for use on all steel and aluminum alloy wheels, metal-coated surfaces, and plastic wheel covers of passenger cars, motorcycles, light commercial vehicles, and heavy vehicles.

Net Weight	460gr
Gross Weight	510gr
Volume	500ml
Package	12pcs
Pallet	1600pcs
Pallet Dim	100x120x215h
Shape	Trigger Spray
Barcode(EAN)	0700343203808

Directions for Use: Ensure the wheel surface is completely cool before application. Unlock the safety lock on the bottle, set it to spray position, and spray evenly directly onto the surface to be cleaned. Allow the product to sit on the surface for approximately 2 minutes to allow the active ingredients to penetrate and dissolve the dirt deeply. For hardened and very stubborn stains, gently scrub with a suitable wheel brush or sponge. Rinse the rim thoroughly with pressurized water to completely remove dissolved dirt and product residue from the surface.

Hazard Pictograms:

Storage Conditions: Store in cool and ventilated area. Recommended storage temperature: 15 - 30 °C. Keep out of reach of children.
